Submitted to Government.

2. The Board invites the attention of Government to its Ref.No.4608-A3-44-1 dated 31-8-44 in which it has recommended intensive procurement of both rice and millets in the case of deficit districts of Vizagapatam, Coimbatore, Ramnad, Tinnevelly, South Kanara and Nilgiris during 1944-45. The Collectors of these districts have been asked to submit proposals for the additional staff they would require to give effect to the proposals of the Board. The Collector of South Kanara has accordingly applied for the sanction of the following* additional staff for a period of six months from 1--10--44.

* 1 Deputy Collector	2 Lower Division clerks
2 Tahsildars	1 Typist
2 Revenue Inspectors 1 Upper Division Clerk	10 Peons.

3. The additional staff applied for by the Collector is rather large, but procurement on a district wide scale is a very difficult operation and it is imperative that it should be done speedily and efficiently, otherwise, there is danger of a breakdown in informal rationing and of a repetition of the troubles which occured during the past season. The Board therefore considers that the additional staff applied for by the Collector is necessary. Government have already been addressed in the Board's Ref.No. 4916-A2-44-1 dated 25-9-44 for the appointment of a Special Deputy Collector and 2 peons for procurement work in South Kanara district. Sanction may therefore be accorded now for a period of six months from the date of appointment or till the necessity for employment ceases whichever is earlier of the following* additional staff for South Kanara district for procurement work.

* 2 Tahsildars	2 Lower Division clerks
2 Revenue Inspectors	1 Typist
1 Upper Division Clerk	8 Peons.

4. In anticipation of Government sanction, the Board is permitting the Collector of South Kanara district to appoint the additional staff and requests that its action may be approved.

5. Orders have been issued separately by the Board sanctioning the retention of the 4 Grain Purchase Deputy Tahsildars and staff up to 31-3-45.

6. The Tahsildars now applied for will be designated as 'Grain Purchase Tahsildars'.

7. The Special Deputy Collector applied for in the Board's Ref.no.4916-A2-44-1 dated 25-9-44 for employment in South Kanara district and the additional two Tahsildars now proposed may be vested

vested with powers under Rules 75-A and 76-A of the Defence of India Rules to requisition paddy, rice and millets and accommodation for their storage.

8. The additional staff may be permitted to draw T.A. under ordinary M.T.A. Rules for their journeys.

9. The cost of the establishment comes to Rs.6000/- approximately for the period recommended.

10. Application for funds will be made in due course to meet the expenditure during the current year.

11. The expenditure may be debited to 64.B Civil Defence-Section iv - Expenditure wholly borne by Provincial Government-C.-Misc. A.Establishment for price control - I Board of Revenue-2 Pay of establishment.

Sub.-Civil Supplies - Paddy and rice - Procurement - 1944-45 - Arrangements - special staff - Sanction - requested.
Ref.- Your D.O. No.10301-47-44 dated 12-9-1944.

The Commissioner of Civil Supplies after his last visit to this district in March 1944 ordered a policy of intensive requisition and permitted me to appoint the following staff in anticipation of sanction. This staff was sanctioned by Government in G.O.No.Ms.1605, Development Department dated 10th April 1944 and G.O.Ms.No.2011 Development Department, dated 8th May 1944. The continuance of this staff has been sanctioned by Government in G.O.Ms.No.2937, Development Department, dated 7th July 1944.

(1) Four Deputy Tahsildars to be designated as 'Grain Purchase Depity Tahsildars'

(2) Four Revenue Inspectors on Rs.30-35 per mensem and four peons on 12-17 per mensem each for work under the 4 Revenue Inspectors.

(3) 8 peons on Rs.12-17 per mensem each for work under the four Deputy Tahsildars referred to in item 1 above.

2. In the Commissioner's D.O. dated 2nd September 1944 and in your D.O. No.4608-A3-44-5 dated 6th September 1944 the procurement scheme to be applied to this district during fasli 1354 has been outlined. In pursuance of this scheme it will be necessary to estimate the surplus of every landlord and tenant in the district during each harvest. Past experience in this district clearly shows that the estimate of shanbhogues(karnams) cannot at all be relied upon and that of the Revenue Inspectors is equally unreliable and that reliance can be placed only on estimates as verified by officers of at least the grade of Deputy Tahsildars. No doubt the shanbhogues and Revenue Inspectors will over-armoish the crops as briskly as they can and determine the probable yield on particular lands or groups of lands and this will be verified by Deputy Tahsildars both by test-inspection and enquiries. This will furnish a fairly reliable estimate. I have suggested that the landlords and tenants shall declare their stocks. This will be a further basis for arriving at as correct an estimate as possible. But then it is not likely that the parties will be satisfied with even the estimates of Deputy Tahsildars, Surely they will be satisfied only if the Revenue Divisional Officer or an officer of the grade of a Deputy Collector gives them a final decision as already stated by me in my D.O. cited above. During the past six months several parties have been coming up to me for final decision and there were one or two instances where they even sought the decision of the Board of Government in the matter. Therefore it appears essential to provide an informal machinery for the purpose of deciding the surplus finally.

3. With the 16 Revenue Inspectors recently sanctioned by the Government in G.O.No.Ms.3794 Development Department dated 4-9-44 there will be a special Revenue Inspector for each firka for the maintenance of fox crains cultivation accounts and generally for the purpose of fox control matters. These Revenue Inspectors will be more responsible for over-armoishing the crops and determining the surplus. As stated above this will be overchecked again by the Grain Purchase Officers. But in view of the fact that the

outlay

utturn can be estimated with accuracy only within a month prior
o harvest, the special Revenue Inspector may not be able to
inish all the villages of a firka within one month. I am
ssuing orders that the Firka Revenue Inspector should also be
iven some villages for purposes of overazmoish during the month
receding the harvest. Likewise, it will not be possible for
he Special Deputy Tahsildar to cover an entire taluk for pur-
oses of test check within a month before harvest. Therefore I
propose to utilise the services of the taluk Tahsildars for some
of the important villages. Thus the work of overcheck and estimate
of probable outturn will be done partly by the special staff and
partly by the regular Revenue staff. The Tahsildars will be
relieved of all their office work by the Headquarters Deputy
Tahsildars except in regard to any important or urgent matter.
This means that an officer of the grade of a Deputy Tahsildar is
required for every taluk. There are already four Special Deputy
Tahsildars and two more are wanted. Of the six taluks the more
difficult to tackle are Mangalore and Puttur. Here the people
are not only more enlightened, but are more vociferous and influ-
ential. I consider that to tackle them successfully and not to
to give grounds for numerous complaints, it will be necessary
to appoint two officers of the rank of Tahsildars rather than
Deputy Tahsildars. Officers of Deputy Tahsildars' grade will
not carry any weight in these two Taluks. Therefore I request
that two Tahsildars may be sanctioned. Each special Deputy
Tahsildar has now been given a Revenue Inspector to work under
him and carry out his instructions in the matter of requisitioning
stocks, I request that two more special Revenue Inspectors may
be sanctioned to work under the proposed Tahsildars or in the
alternative each of the Special Tahsildars and Deputy Tahsildars
may be allowed one clerk. I would suggest that they may be sanc-
tioned as Revenue Inspectors and not as clerks as this will give
the Special Tahsildar or Deputy Tahsildar an additional hand to
be utilised both as clerk and Revenue Inspector according to the
exigencies of work. Two peons may be sanctioned for each of the
Special Tahsildars and one peon for each of the two additional
Revenue Inspectors.

4. As stated by me above, the parties will seek revision
of the orders of the Special Tahsildar or Deputy Tahsildar. Under
the existing conditions the work in Revenue Divisional Offices
is already heavy especially with the increase of criminal work.
eldar- Further according to the D.O. of the Commissioner, it is proposed
to improve and perfect the present informal rationing in the
district. This will require a close supervision of the arrange-
ments for distribution of rice. Therefore, the only course open,
as observed by the Commissioner, appears to be to appoint a full
time Special Deputy Collector for the purpose of procurement.
He will be able to exercise a close and stringent control over
the progress of procurement in every taluk and see that the special
staff does its work efficiently. Therefore I request that a Special
Deputy Collector may be sanctioned with two peons for him. He
would require a small office - an Upper Division clerk as his Head
Clerk and 2 lower division clerks to deal with papers of 3 taluks
each and one clerk to work as typist and despatcher. Two peons
may be sanctioned for the office.

5. I furnish below a statement of the staff required and
the staff already sanctioned. I request the favour of very early
orders sanctioning the staff for a period of six months. As harvest
will start on a large scale from the 2nd week of October, I request
that the Board may be pleased to give me permission for appointing
the staff from 1-10-1944 in anticipation of the orders of Government.
